This property is unique in so many ways. First and foremost with its architecture with large windows giving the sensation of space and a feeling of freedom . Conveniently situated in the beach front hill, the property's panorama over looking the sea and surrounding hills are equally exceptional. The Villas is situated in a compound of four private villas. Contemporary design under tropical modern roofs blends into the vast vegetation and jet preserves unobstructed ocean view and a 21st century life style. Indirect low consumption LED and fiber optic lighting throughout the compound contributes to significant power savings. The pool is mineral treated with copper/silver ionization, eliminating the extensive use of
